

Datasheet

Produkt type / name	Chassis for basket stretcher
article number	SE-0017
GTIN	4260445020025
dimensions (produkt)	ca. 680 x 300 x 250 mm (length x height x width)
Dimensions (with package)	ca. 680 x 300 x 250 mm (length x height x width)
weight	ca. 5,1 Kg netto (without package) ca. 5,5 Kg brutto (with package)
standards	is tested in connection with the stretcher according to DIN EN 1865-1
CE-marking	no
Customs tariff number	87087010
Maximum load capacity	350Kg
Intendes use	Chassis for SmartEm Carapace 1- and 2-part basket stretcher, can only be ordered ex works with the basket stretcher. Retrofitting is only permitted by the manufacturer (or a certified premium partner).
description	Chassis for the foot section of the basket stretcher. Axles and wheels can be easily removed by means of a plug-in system. This makes it possible to load the stretcher without protruding parts. The chassis is made of high-strength aluminium, the wheels of airless solid-core wheels. This ensures that the stretcher is always ready for use.
